THANK YOU FOR YOUR PURCHASE!!!

Special Pattern Notes: Beginning chain 1 does not count as a stitch. Always work the first stitch into joining stitch. Join to first stitch of each round. Stitch counts will remain the same as the previous round unless noted. When multiple counts are listed, they will be listed in chronological order.

When working the Front Post Double Crochet Clusters, you will leave the loops unworked. Picture tutorial at end of pattern on Front Post Double Crochet Cluster placement.

I worked two colors, using the second color only when working the front post double crochet clusters. See color changing tutorial at end of pattern.

When working in the chain for the thumb hole, hdc over the second color so it doesn't interfere with wearing the glove.

Specialty Stitching: Front Post Double Crochet Cluster (fpdc cluster): *YO, insert hook into stitch indicated, YO and pull up a loop, YO and pull through two loops on hook* repeat twice more (4 loops on hook,) YO and pull through all loops on hook
