THANK YOU FOR YOUR PURCHASE!!!

Special Pattern Notes: Beginning chain does not count as a stitch. Always work the first stitch into joining stitch unless noted. Join to first stitch of each round unless noted.

For colored cables: Cut 6 strands of your contrast color measuring 110" in length and another 6 in 90" in length. In round 2, attach your 110" length contrast color for the fpdcs. In round 4, attach your 90" length contrast color for the second stitch when working the [2 fpdcs] in next st. When working the rest of the rounds, be sure to keep each strand with the corresponding posts. Take care when working round 7 that you are taking the correct strand.
